

REMARKS

The above amendments are submitted in an effort to improve the quality of the issued patent. As discussed in the telephone conference with the Examiner on September 11, 2007, these amendments do not have any affect on the patentability or the scope of the claims, and were not submitted earlier due to the fact that the need for these amendments came to the attention of the applicants upon final review of the application after the Notice of Allowance was received. It was previously agreed that these amendments would be entered if filed under 37 CFR § 1.312.

It is respectfully requested that these amendments be entered, and this application passed to issue upon payment of the Issue Fee.

In the event that there are any fees due with respect to the filing of this paper, please charge Counsel's Deposit Account No. 50-2222.

Respectfully submitted,

David E. Brown, Attorney for Applicants
